14 December 2009

Dear Cathy,

On behalf of the Starfish Greathearts Foundation and the children we support, we would like to thank you and MD Accountants and Auditors Inc. for your donation of R5 000.

Starfish is currently making a significant impact in 120 communities across all of South Africa's provinces who support approximately 36 000 children. The communities provide various services to the children such as home visits, counseling, access to education and social grants.

With your ongoing support Starfish is able to continue reaching out to children in need. Without the support of people like you we would be unable to reach our goals and strive for even greater ones.

Thank you for picking up your starfish, we are humbled and inspired by your efforts!

Kind regards,

Taryn Lazarus
Event and Campaign Manager
